Education

2019-2026 **Ph.D. Mathematics**, *Syracuse University*, Syracuse, NY

Advisor: Professor Lixin Shen

Thesis: Image Restoration Regularized by Structured Sparsity Promoting Functions: Theory, Algorithms, and Applications

2019-2021 **M.S. Mathematics**, *Syracuse University*, Syracuse, NY

2015-2019 **B.S. Information and Computing Science**, *South China Normal University*, Guangzhou, Guangdong

Relevant Coursework

○ Sparse Optimization

○ Inverse Problem

○ Dynamic system

○ Signal and Image Processing

○ Deep Learning

○ Probability and Statistical Inference

Publications

- [1] Ashley Prater-Bennette, Lixin Shen, Erin E. Tripp, and Jianchen Wei. Algorithms for structured sparsity promoting functions regularized image restoration model. *Sampling Theory, Signal Processing, and Data Analysis*, 23(10), 2025.
- [2] Jianchen Wei, Melissa A. Green, Lixin Shen, and Minghao W. Rostami. Predicting fluid particle trajectories without flow computations: A data-driven approach. *Journal of Machine Learning for Modeling and Computing*, 5(2), 2024.
- [3] Jianchen Wei, Ashley Prater-Bennette, and Lixin Shen. A smooth nonconvex structured sparsity regularization for image restoration via the moreau envelope. Manuscript in preparation, 2026.

Presentations and Talks

2023 **SIAM-NNP, Minisymposium talk**, *New Jersey Institute of Technology*, Newark, NJ, Predicting fluid particle trajectories without flow computations: A data-driven approach.

Employment

2019-2026 **Teaching Assistant**, *Syracuse University*, Syracuse, NY

Awards

2024 **Kibbey Prize**, *Mathematics Department Award for Excellence in Graduate Program*, Syracuse University

Teaching Experience

- The following are the courses for which I served as the primary instructor, responsible for preparing and delivering 2–3 lectures per week, as well as assigning quizzes, exams, and homework.

MAT221: Elementary Probability and Statistics I, Summer 2021.

MAT222: Elementary Probability and Statistics II, Spring 2022.

MAT285: Life Sciences Calculus I, Spring 2023, Spring 2025, Spring 2026.

MAT295: Calculus I, Fall 2025.

- The following are the courses for which I served as a teaching assistant, responsible for holding 4–5 lab and recitation sections per week, designing and grading worksheets, and proctoring and grading exams.

MAT121: Probability and Statistics for the Liberal Arts I, Fall 2020, Fall 2021, Fall 2022.

MAT122: Probability and Statistics for the Liberal Arts II, Spring 2021.

MAT221: Elementary Probability and Statistics I, Fall 2023, Spring 2024, Fall 2024.

- Other

Grader for MAT295 Calculus I, Fall 2019, Spring 2020.
